

Holesaw kit 1 - 1 pc | HOLE DOZER™ bi-metal holesaws - sets

- Cutting edge technology for maximum productivity.
- Tooth design - A 3.5 teeth per inch tooth design with a positive 10° tooth angle provides the following benefits:
 - Faster and more aggressive cut.
 - Improved heat dispersion during cutting ensures that the teeth stay sharper for longer.
 - Deeper curved gullets provide more efficient chip clearance preventing clogging and heat build up.
 - Special shaped tooth angle has less tendency to snag on thinner materials.
 - Teeth are alternate side set to minimise binding and friction.
 - Requires less feed pressure - This is achieved by the combination of aggressive tooth geometry and good chip clearance resulting in the requirement of less force during drilling.

Article Number 4932451547

Contents 8 x holesaws: Ø 19, 22, 32, 51, 60, 73, 83, 102 mm. Arbor for Ø 14 - 30 mm (49567010). Arbor for Ø 32 - 152 mm (49569100). 2 x pilot drill bits. 1/8" allen key

Pack quantity 12
