Order no.: 44621

Article number: DHT0001

EAN: 4010995446215

Customs tariff number: 84672920

Dimensions: E-screwdriver: 168 x 36 x 36 mm

Set in packaging: 195 x 55 x 109 mm

Drive: The two different torque levels mean that the right force level can always be selected for every area of application. The orange force level 1 with 1.0 Nm can be used for stronger screwdriving work and the green force level 2 with 0.5 Nm for delicate and sensitive screwdriving work.

Application: Furniture assembly, bicycle repair or delicate work Thanks to the compact, handy and lightweight design, the device is also perfect for on the go.

Design: -Integrated high-performance battery: 18650 lithium-ion battery 2.0 Ah.

-Nominal voltage: 4.0 V.

-Charge time: 2h (1 A) / 1h (2 A).

-Charge environment temperature: 0 - 40°C.

-Idle speed: 200 /min.

-GS tested

Bit holder: The magnetic bit holder of the fast-charging electric screwdriver allows you to change bits easily, safely and without tools.

Due to the removable extension, you can decide for yourself whether to use it or not, depending on your preference and situation.

Bits: The color coding system of the two force levels (orange and green) can be found again in the Wiha quality bits. The color marking of the bits indicates the force level to be selected.

Extra: The LED light enables shadowless and precise work even in dark environments.

Handle: The ergonomic handle also allows long work without any problems.

Material: Handle: hard zone PA6-GF30, soft zone TPE

Extension: hexagon made of 6150, hexagon socket made of stainless steel

Bits: S2, zinc phosphate surface, hardness: 60HRC

The electric cordless screwdriver from Wiha zai Hause - the perfect all-rounder for your everyday life.

Whether furniture assembly, bicycle repair or delicate work, with this electric cordless screwdriver you always have the right tool for all applications. Thanks to the compact, handy and lightweight design, the device is also perfect for on the go. The LED light of the electric screwdriver allows shadowless and precise work even in dark environments. All in the usual Wiha quality.
