Bestellnummer: 45255

Artikelnummer: DHT0006

EAN: 4010995452551

Zolltarifnummer: 84148080

Dimensions: Excluding accessories 142 x 71 x 71 mm

Application: The mobile air pump is ideal for: car, scooter, bicycle, sports, watertoys, garden.

Display: The display shows the current pressure value during pumping and the battery air pump switches off automatically when the set value is reached.

Design: Battery voltage 3,7 V

Design: Battery capacity 4 Ah

Design: Weight: 560 g

Design: Mobile use for up to 30 minutes

Design: Pressure build-up of up to 10 bar / 150 psi

Design: Valve attachments: French valve, ball needle, balloon attachment

Extra: All accessories, such as the air hose and valve adapters, find their place tidily and neatly in the back of the device. So everything is always in place and nothing gets lost.

Extra: The ring-shaped LED light perfectly illuminates the work area and also allows inflation in the dark.

The mobile air pump from Wiha zai Hause is a real powerhouse. Compact and mobile, it is always at hand when air is needed. Ideal in the trunk or cup holder of the car, stowed in the bottle holder of the bike, or in the sports bag – the mobile air pump is the perfect companion for everyday life. The Wiha zai Hause mobile air pump does not run out of air easily – it can be used continuously for up to 30 minutes and if it should be empty, thanks to the Li-Ion high-performance battery with USB type C connection, it is quickly again charged. The ring-shaped LED light at the top of the pump perfectly illuminates the work area and also allows inflation in the dark. The high-quality LED display ensures a perfect overview and very good readability even in bright light conditions. The most common valve attachments (Presta valve adapter, ball needle, balloon attachment) make the cordless air pump a universal helper for all applications.

Content:

- 1x Portable air pump
- 1x USB charging cord (type USB-C)
- 1x Air hose
