Need some extra packing space or just want to separate your dirty and wet luggage from the rest of your gear? Then attach a waterproof pouch (or two) to the outside of your 360° backpack..

360° Pouch is a waterproof add-on for the SILVA 360° backpack series. With the roll top closure you can easily access your belongings and just as easy make sure they are completely protected.

The SILVA 360° System lets you customize your backpack with add-ons to give you extra packing space or water protection. The smart attachment straps and lash points are the core in the SILVA 360° System. In seconds you can attach or detach a Pouch or Mesh to the outside of the backpack. The smart straps can also be used separately as compression straps for a jacket, sleeping bag, skateboard, etc.
