### Product description:

ELKO One locking frame is a fixing plate for switches. It can be fitted to any ELKO One rocker switches. This device is designed to be flush or surface mounted. The Diameter of the fixing plate is 57 mm with 10mm depth. It is made of Acrylonitrile butadiene styrene (ABS). The color of the product is pure white (RAL 9003) with matt surface finish. It reaches IP21 degrees of protection.

One range by ELKO is covering Wiring Devices, Stand Alone Electronics and Network Connectivity functions for both flush as well as surface installation. The One range has been developed with sustainability in mind, using recycled plastic, recycled packaging material and Cradle to Cradle certified. Modern and slim design with a smooth matt surface finish that is reflecting the light in a glowing way due to it's shape.
