## DATASHEET - M22-LH-B

Indicator light, raised, blue

Part no. M22-LH-B Catalog No. 216782 Alternate Catalog M22-LH-BQ No. EL-Nummer 4355341 (Norway)

#### **Delivery program**

| Product range   |   | RMQ-Titan                       |
|---|---|---------------------------------|
| Basic function  |   | Indicator lights                |
| Single unit/Complete unit   |   | Single unit                     |
| Design  |   | Extended, conical               |
| Colour  |   |                                 |
| Lens  |   | Blue                            |
| Lens  |   |                                 |
| Degree of Protection  |   | IP66, IP67, IP69                |
| Connection to SmartWire-DT  |   | yes<br>with SWD-RMQ connections |
| Actuator travel and actuation force as per DIN EN 60947-5-1,<br>K.5.4.1 |   |                                 |
| Minimum force for positive opening                                      | Ν | 0                               |
| Front dimensions  |   | 29,7                            |

# Technical data

| General                     |                 |  |
|-----------------------------|-----------------|--|
| Standards                   |                 | IEC/EN 60947<br>VDE 0660   |
| Climatic proofing           |                 | Damp heat, constant, to IEC 60068-2-78<br>Damp heat, cyclic, to IEC 60068-2-30 |
| Degree of Protection        |                 | IP66, IP67, IP69   |
| Ambient temperature         |                 |  |
| Open                        | °C              | -25 - +70  |
| Mounting position           |                 | As required  |
| Mechanical shock resistance | g               | 30<br>Shock duration 11 ms<br>Sinusoidal<br>according to IEC 60068-2-27        |
| Terminal capacities         | mm <sup>2</sup> |  |
| Solid                       | mm <sup>2</sup> | 0.5 - 1.5  |
| Stranded                    | mm <sup>2</sup> | 0.5 - 1.5  |
| shipping classification     |                 | DNV<br>GL<br>LR  |
|                             |                 | <b>P R Llovd's</b>   |

| Contacts   |                   |      |   |
|--|-------------------|------|---|
| Rated impulse withstand voltage  | U <sub>imp</sub>  | V AC | 4000  |
| Rated insulation voltage   | Ui                | V    | 250   |
| Overvoltage category/pollution degree  |                   |      | 111/3   |
|  |                   |      |   |
| Design verification as per IEC/EN 61439  |                   |      |   |
| Technical data for design verification   |                   |      |   |
| Rated operational current for specified heat dissipation   | In                | A    | 0   |
| Heat dissipation per pole, current-dependent   | P <sub>vid</sub>  | W    | 0   |
| Equipment heat dissipation, current-dependent  | P <sub>vid</sub>  | W    | 0   |
| Static heat dissipation, non-current-dependent   | P <sub>vs</sub>   | W    | 0   |
| Heat dissipation capacity  | P <sub>diss</sub> | W    | 0   |
| Operating ambient temperature min.   |                   | °C   | -25   |
| Operating ambient temperature max.   |                   | °C   | 70  |
| IEC/EN 61439 design verification   |                   |      |   |
| 10.2 Strength of materials and parts   |                   |      |   |
| 10.2.2 Corrosion resistance  |                   |      | Meets the product standard's requirements.  |
| 10.2.3.1 Verification of thermal stability of enclosures   |                   |      | Meets the product standard's requirements.  |
| 10.2.3.2 Verification of resistance of insulating materials to normal heat   |                   |      | Meets the product standard's requirements.  |
| 10.2.3.3 Verification of resistance of insulating materials to abnormal heat and fire due to internal electric effects |                   |      | Meets the product standard's requirements.  |
| 10.2.4 Resistance to ultra-violet (UV) radiation   |                   |      | Please enquire  |
| 10.2.5 Lifting   |                   |      | Does not apply, since the entire switchgear needs to be evaluated.                            |
| 10.2.6 Mechanical impact   |                   |      | Does not apply, since the entire switchgear needs to be evaluated.                            |
| 10.2.7 Inscriptions  |                   |      | Meets the product standard's requirements.  |
| 10.3 Degree of protection of ASSEMBLIES  |                   |      | Does not apply, since the entire switchgear needs to be evaluated.                            |
| 10.4 Clearances and creepage distances   |                   |      | Meets the product standard's requirements.  |
| 10.5 Protection against electric shock   |                   |      | Does not apply, since the entire switchgear needs to be evaluated.                            |
| 10.6 Incorporation of switching devices and components   |                   |      | Does not apply, since the entire switchgear needs to be evaluated.                            |
| 10.7 Internal electrical circuits and connections  |                   |      | Is the panel builder's responsibility.  |
| 10.8 Connections for external conductors   |                   |      | Is the panel builder's responsibility.  |
| 10.9 Insulation properties   |                   |      |   |
| 10.9.2 Power-frequency electric strength   |                   |      | Is the panel builder's responsibility.  |
| 10.9.3 Impulse withstand voltage   |                   |      | Is the panel builder's responsibility.  |
| 10.9.4 Testing of enclosures made of insulating material   |                   |      | Is the panel builder's responsibility.  |
| 10.10 Temperature rise   |                   |      | Not applicable.   |
| 10.11 Short-circuit rating   |                   |      | Is the panel builder's responsibility. The specifications for the switchgear must b observed. |
| 10.12 Electromagnetic compatibility  |                   |      | Is the panel builder's responsibility. The specifications for the switchgear must b observed. |
| 10.10 Marchanical function   |                   |      |   |

10.13 Mechanical function

The device meets the requirements, provided the information in the instruction leaflet (IL) is observed.

### **Technical data ETIM 7.0**

Low-voltage industrial components (EG000017) / Front element for indicator light (EC000223)

Electric engineering, automation, process control engineering / Low-voltage switch technology / Command and alarm device / Front element for warning lights (ecl@ss10.0.1-27-37-12-11 [AKF029014])
Suitable for number of built-in signal lights 1 1

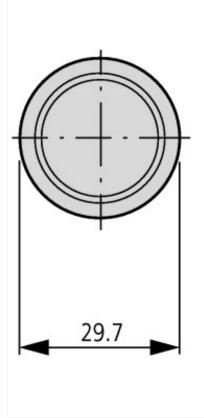

| Colour lens            |    | Blue    |
|------------------------|----|---------|
| Construction type lens |    | Round   |
| Hole diameter          | mm | 22      |
| Width opening          | mm | 0       |
| Height opening         | mm | 0       |
| With front ring        |    | Yes     |
| Material front ring    |    | Plastic |
| Colour front ring      |    | Chrome  |
| Type of lens           |    | High    |

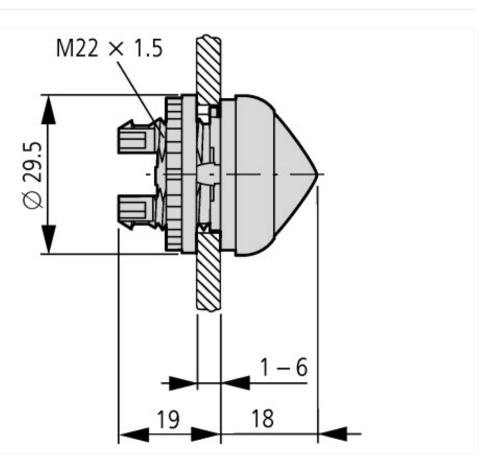

Degree of protection (IP), front side

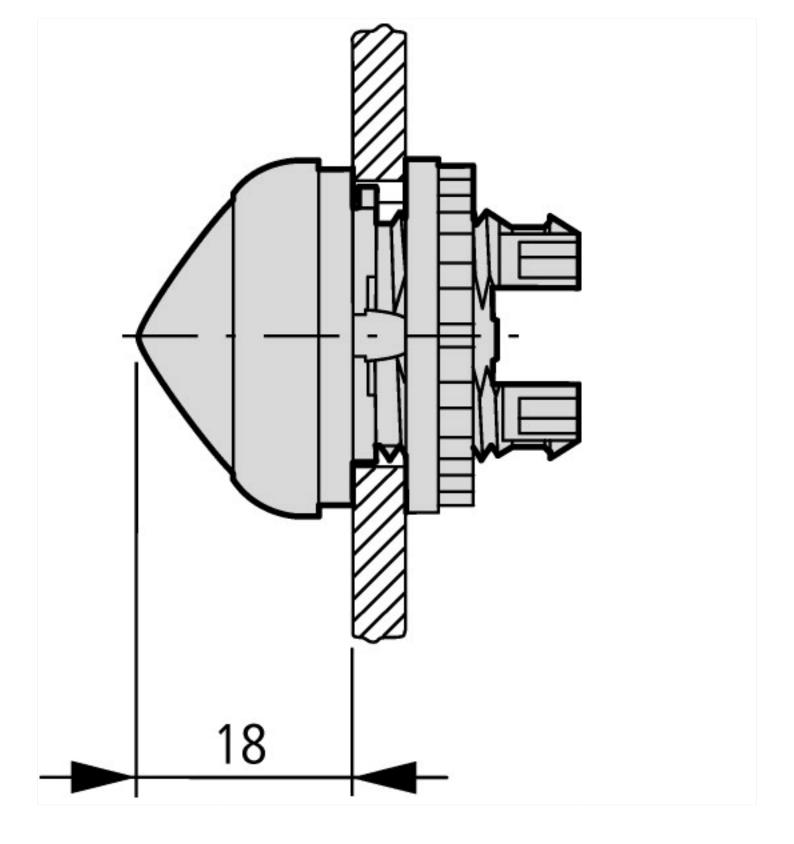

IP67/IP69K

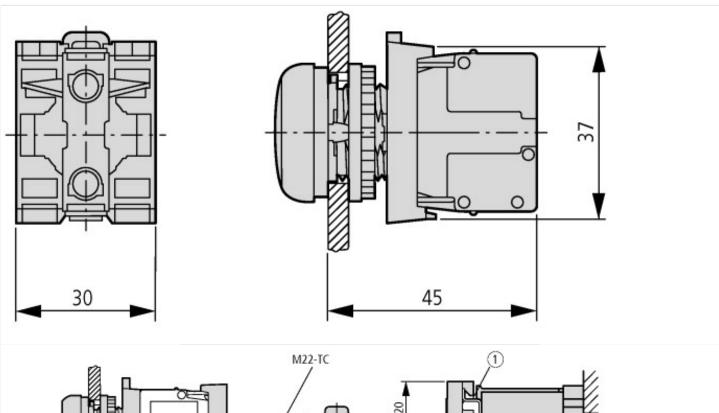

| Approvals                   |  |
|-----------------------------|--|
| Product Standards           | IEC/EN 60947-5; UL 508; CSA-C22.2 No. 14-05; CSA-C22.2 No. 94-91; CE marking |
| UL File No.                 | E29184   |
| UL Category Control No.     | NKCR   |
| CSA File No.                | 012528   |
| CSA Class No.               | 3211-03  |
| North America Certification | UL listed, CSA certified   |
| Degree of Protection        | UL/CSA Type 3R, 4X, 12, 13   |
