# Technical data

| General   |    |      |                        |
|---|----|------|------------------------|
| Standards   |    |      | IEC/EN 62208           |
| RoHS (in accordance with Directive 2002/95/EC of the European Parliament and Council) |    |      | conform                |
| Ambient temperature   |    | °C   | -5 - +40               |
| Degree of Protection  |    |      | IP30                   |
| Protection class  |    |      | II (totally insulated) |
| Rated operational voltage   | Ue | V AC | 400                    |
| Rated frequency   | f  | Hz   | 50                     |
| Material characteristics  |    |      |                        |
| Material  |    |      | ABS (plastic)          |
| Colour  |    |      | white (RAL 9003)       |
| Material properties   |    |      |                        |
| Mechanical  |    |      |                        |
| Impact resistance   |    |      | IK05                   |
|   |    |      |                        |

# Design verification as per IEC/EN 61439

| Technical data for design verification  |                |    |    |
|---|----------------|----|----|
| Heat dissipation, at an ambient temperature of 35°C, delta T: 20 degrees, calculated as per IEC 60890 |                |    |    |
| Individual enclosure for wall mounting  | P <sub>V</sub> | C0 | 10 |
| Heat dissipation, at an ambient temperature of 35°C, delta T: 35 degrees, calculated as per IEC 60890 |                |    |    |
| Individual enclosure for wall mounting  | P <sub>V</sub> | C0 | 12 |
| IEC/EN 61439 design verification  |                |    |    |

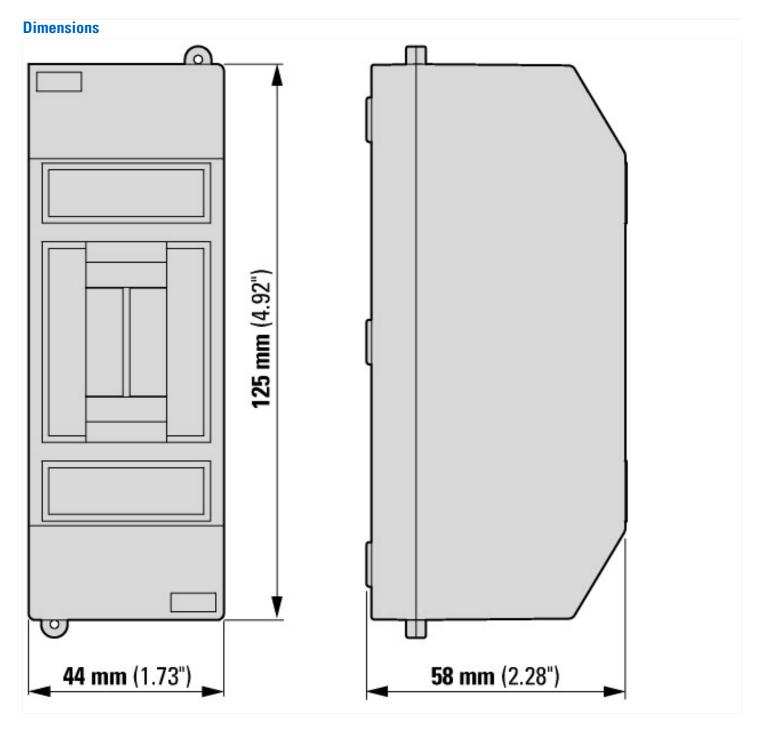

| 10.2 Strength of materials and parts   |  |
|--|--|
| 10.2.2 Corrosion resistance  | Meets the product standard's requirements.   |
| 10.2.3.1 Verification of thermal stability of enclosures                     | Meets the product standard's requirements.   |
| 10.2.3.2 Verification of resistance of insulating materials to normal heat   | Meets the product standard's requirements.   |
| 10.2.3.3 Verification of resistance of insulating materials to abnormal heat | 650 °C; meets the product standard's requirements.   |
| and fire due to internal electric effects                                    |  |
| 10.2.4 Resistance to ultra-violet (UV) radiation                             | Not relevant to indoor installations.  |
| 10.2.5 Lifting   | Does not apply to enclosures without lifting aids.   |
| 10.2.6 Mechanical impact   | IK05   |
| 10.2.7 Inscriptions  | Meets the product standard's requirements.   |
| 10.3 Degree of protection of ASSEMBLIES                                      | IP30   |
| 10.4 Clearances and creepage distances                                       | Is the panel builder's responsibility.   |
| 10.5 Protection against electric shock                                       | Protection class 2, therefore not applicable.  |
| 10.6 Incorporation of switching devices and components                       | Is the panel builder's responsibility.   |
| 10.7 Internal electrical circuits and connections                            | Is the panel builder's responsibility.   |
| 10.8 Connections for external conductors                                     | Is the panel builder's responsibility.   |
| 10.9 Insulation properties   |  |
| 10.9.2 Power-frequency electric strength                                     | U <sub>i</sub> = 400 V AC  |
| 10.9.3 Impulse withstand voltage   | 2.8 kV   |
| 10.9.4 Testing of enclosures made of insulating material                     | Meets the product standard's requirements.   |
| 10.10 Temperature rise   | The panel builder is responsible for the temperature rise calculation. Eaton will provide heat dissipation data for the devices. |
| 10.11 Short-circuit rating   | Is the panel builder's responsibility.   |
| 10.12 Electromagnetic compatibility  | Is the panel builder's responsibility.   |
| 10.13 Mechanical function  | Meets the product standard's requirements.   |

#### **Technical data ETIM 6.0**

Distribution boards (EG000023) / Small distribution board (EC000214)

Electric engineering, automation, process control engineering / Electrical installation, device / Electrical distribution system (incl. small distribution board) / Small distribution board (ecl@ss8.1-27-14-24-09 [ACN387008])

| Mounting method                     |   |    | Surface mounting |
|-------------------------------------|---|----|------------------|
| Number of rows                      |   |    | 1                |
| Width in number of modular spacings |   |    | 2                |
| Type of cover                       |   |    | None             |
| Cover model                         |   |    | With notch       |
| Transparent cover/door              |   |    | No               |
| Material housing                    |   |    | Plastic          |
| Height                              | n | nm | 125              |
| Width                               | n | nm | 44               |
| Depth                               | n | nm | 58               |
| Built-in depth                      | n | nm | 70               |
| Internal depth                      | n | nm | 53               |
| DIN-rail                            |   |    | Yes              |
| With mounting plate                 |   |    | No               |
| Extension possible                  |   |    | No               |
| EMC-version                         |   |    | Yes              |
| Colour                              |   |    | White            |
| RAL-number                          |   |    | 9003             |
| Degree of protection (IP)           |   |    | IP30             |
| With lock                           |   |    | No               |
|                                     |   |    |                  |
