

REACH Declaration

The members of the DIETZEL-UNIVOLT group of companies are manufacturer and supplier of products for electrical installations and in the sense of REACH a so-called *downstream user*.

The products supplied are *articles* and do neither intentionally release any substances during the intended use nor contain any SVHC (substances of very high concern).

For *articles* there is no obligation under REACH to register nor to issue a safety data sheet.

Substances as such or in *preparations* used to manufacture our articles are (will be before 1.12.2008) pre-registered and later registered in time, the polymers – exempted from registration – are manufactured from pre-registered/registered monomers.

Vienna, 03.10.2008

Dr. Michael Pöcksteiner mp
CEO DIETZEL GmbH
