

INSTALLATION COMPONENTS

STEEL CABINETS

Description: Water evacuator

Reference:

48339

Description:

Accessory type:	DEVICES
For the following cabinets:	Steel cabinets
Dimensions:	Ø 60x49,5 mm
Materials:	
MOQ:	1
Supply:	

Codes:

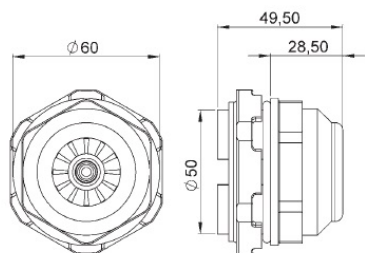

EAN:	8431044047447
Customs tariff number:	85.38.10.00
ETIM 6.0:	

Technical data:

Assembly: Thread M50 x1,5 with nut.
Tightening torque: 6 Nm.
Depth of incorporation: max. 17,5 mm.
Water evacuation: approx. 200 ml/h, in a 5 mm water column.

Features:

NBR sealing joint.
IP66
Operating/storage temp.: -45 a +70 °C.
Water inlet: 0 mm (with a wall thickness of 0.5 mm)
Vertical mounting in the lower part of the enclosure.

PRODUCT END OF LIFE:

It does not require specific recycling operations.

SUSTAINABILITY:

RoHS - REACH
