dutts

Description

Stop and End Cap for Flexible Conduit

With Dutts, you can install flexible conduit with precision and reliability while eliminating material waste. Perfect for conduit terminations on façades, endings in device and junction boxes, installations in interior walls, electrical distribution boards, or any other application where a secure stop or termination is required.

Features: Made from recycled, halogen-free polypropylene (PP). UV-resistant and approved for both indoor and outdoor use. Compatible with most types of flexible conduit.

Available sizes

- 16 mm
- 20 mm
