

Product Family
Miller Edge tested self-retracting lifelines

Whilst the risk of failure on an edge is often present during work at height, this hazard is relatively unknown. Miller developed a solution to this problem with a range of Edge-Tested self-retracting lifelines to ensure safety in the event of falls on edges !

Miller Scorpion Edge

Miller Scorpion Edge Tested 2.7 meter webbing fall arrest block supplied with a steel scaffold hook 55 mm & an aluminium snap hook.

Overview

Key Features

One product fits all work situations :

- o Product adapted to all fall factors: FF0, FF1 & FF2
- o Edge-tested product thanks to reinforced webbing: horizontal use possible without restrictions.
- o TurboLite Edge tested at 140kg (even at FF2 "foot level"), Scorpion Edge tested at 100 kg.

2 Ranges available : TurboLite Edge (2 m length) and Scorpion Edge (2,7 m length).

Recommended Industries/Use

- Construction
- Oil and Gas
- Steel and Metals
- Utilities
- Wind Energy

Hazards

- Confined Space
- Fall from height

Regulations

- EN 360 - Retractable type fall arrester
- VG 11.085 - Fall factor 2
- VG 11.060 - edge tested items
- VG 11.062 - 140 kgs

Warranty Information

Our state of the art equipment provides the critical tool for worker protection, combining mobility with unsurpassed comfort.

At our ISO 9001 certified manufacturing facilities in Europe, we ensure that every Miller product is made in accordance with the standards and meets your exacting requirements.
