

RoHS Compliance Declaration

Stansefabrikken Products AS provides products and solutions within a broad range of Electrical cabinets and distributes a large selection of associated components. The products are primarily marketed and sold to the Norwegian electrical market.

Stansefabrikken Products AS continuously work to ensure that the products produced are designed in accordance with the requirements of RoHS – Restriction on Hazardous Substances Directive (Directive 2011/65/EU of 8. June 2011) and the amending Directive RoHS 3 (Directive 2015/863/EU of 31. March 2015). Ongoing contact with our suppliers and sub-suppliers ensures that materials and products distributed do not contain hazardous substances above the allowable threshold.

Stansefabrikken Products AS operate in accordance with the restriction of the use of certain hazardous substances in electrical and electronic equipment to protect the environment and public health. To our knowledge at the time this declaration was signed, our products do not contain, or contain in approved proportions, the substances listed below. Please note that several lead exemptions under RoHS Annex III (including exemption series 6, 7(a) and 7(c)) remain valid under updated EU delegated directives published in November 2025, with revised scopes and expiry dates ranging from December 2026 to June 2027.

Substances	Max Limit %
Cadmium	0,01 %
Lead	0,1 %
Mercury	0,1 %
Hexavalent chromium	0,1 %
