

End Caps for Microducts

Soft End Caps, for 3-20 mm Microducts

Features

- Easy to mount
- Slim design
- Re-useable

Application

The end caps are used for temporarily seal open microduct ends to avoid water and dirt from entering the microducts.

Design

Soft vinyl end caps for above ground use. They provide protection against dirt, water, oil, greases and acids entering the microducts.

Technical Information
